
CAPS Children's Contact Service

Children's Supervised Contact

Child and Adolescent Psychology Services (CAPS) is child focused providing safe, supervised family contacts and changeovers between children and their parents or significant caregivers within Melbourne and surrounding rural locations.

This service provides separated parents who are unable to manage contact arrangements, or as ordered by court.

For bookings and quotes, contact CAPS:

Address: Suite 6, 1044A Dandenong Road, Carnegie VIC 3163

Email: info@childandadolescentpsych.com.au

Stage 1

Please contact CAPS, email info@childandadolescentpsych.com.au and we will send an application form for you to complete.

Once each parent has completed the application we will contact you to arrange individual assessment and intake interviews.

Stage 2

CAPS staffer will facilitate a family contact visit which is monitored and controlled in a safe controlled environment.

CAPS are a private organisation and do not receive government funding. Families accessing this service are required to fund the full cost of services accessed, payable in advance.

CAPS if required will transport children if separated parents are uncomfortable to facilitate the changeover.

Testimonial

Thanks for the copy of the report Andrew, appreciate it. Your presence ensures the kids get great behavior, that is the take away for me and I'm very grateful for that.

— Collene
